

AT THE TABLE

ONE DAY LONGER | ONE DAY STRONGER

A BARGAINING BULLETIN

Good news! TAAAC and the BoE are in discussions to return to the bargaining table to discuss a potential wage package. We are hopeful that the new agreement will resolve the decade plus long experience credit imbalance within the prospective new agreement's term.

The current wage proposal still includes all the priorities members have highlighted over the last year:

- All Unit 1 employees to be placed on the wage/salary scale consistent with years of credited service.
- 1% Cola.
- Step increase for all eligible Unit 1 educators.

Hurdles still remain, but we've laid out a framework that could lead to the result we all want.

When you emailed the County Council and the BoE around [a \\$4.4 million surplus in the budget](#), you reopened the path to get back to the table. Between this latest campaign and shining light on the County budget earlier this year through our [budget analyst's report](#), we have been able to hold those in power accountable to educators and students. When we stand together and act with one voice, we win.

Keep your ears to the ground and stay prepared to act collectively. #WeCanDoThis
