TAAAC MEMBERS KEEP OUR SCHOOLS SAFE

If we notice any unsafe conditions, let's work together to report it. First, notice your building rep and report it to your administration, then if necessary, call to the TAAAC Office.

[These are the protocols currently in place.](#)

Members

Work together to collectively raise safety issues with your admin, and notify your BR/FAC.

Building Reps

Should be given any safety checklists you complete, along with your FAC.

Union Allies

Immediately address safety concerns with fellow members, custodial staff, secretaries, and admin.

What actions can I take if something isn't safe?

If issues in your building are not being addressed, please reach out to your Building Rep, FAC, or TAAAC UniServ Director.
